

NESTAFLEX®

NestaFlex

Gravity 376 AL/FL Skate Wheel Conveyor

* Specifications of models available may vary from the model shown.

FEATURES

WIDTH: 18", 24", or 30"

Determined by package size, available conveying area and application specific needs

LENGTH EXTENDED: 8' - 60'

Determine total length needed, including curvatures and obstructions

AXLE CENTER: 5.25", 4" or 3"

Package size determines necessary axle center length on fully extended conveyor

SKATE WHEEL TYPE: STEEL, BLACK, RED

Determined by package weight, durability, operational flow control, and application specific needs

DESCRIPTION

The NestaFlex® 376 AL/FL is a heavy duty, gravity conveyor that features double welded cross braces and heavy duty square tubing legs available in adjustable height legs (AL) and fixed height legs (FL). This all bolted design uses shoulder bolts, steel lock nuts and is additionally secured with industrial thread lock to help reduce maintenance. The four point leg connection gives additional strength to the conveyor to make it last longer. The NestaFlex 376 is designed to provide the support necessary to handle heavy packages in high volume environments.

The NestaFlex® 376 AL/FL has a proven track record in the industry and is the choice for medium to high volume shipping and receiving departments in distribution centers, retail stores, and manufacturing and assembly operations.

All conveyor products can be modified to suit specific design requirements. Please contact our sales representatives for details on sizes or options that are not listed.

STANDARD FEATURES

Load capacity 376 lbs/ft
 Steel skate wheels with steel ball bearings
 5.25" axle centers
 28" – 36" adjustable conveyor heights (AL ONLY) using hand knobs to raise or lower the legs for 5" casters; 29" – 37" for 6" casters
 Fixed leg (FL ONLY) height adjustments determined per application and are preset by set screws or hand knob
 Heavy duty steel square tubing zinc plated legs
 Welded double horizontal leg braces
 Heavy duty 5" x 1 1/2" casters with 2 total lock brake casters on each end (all conveyors up to 40' in length); 6" x 2" (all conveyors over 40' in length)
 5/16" diameter axle across the width
 Self-tracking design
 Couplers easily connect two or more conveyors
 Heavy duty retractable package stop

OPTIONS

4" and 3" axle centers
 Additional brake casters
 Additional set of couplers
 Additional leg height adjustments (AL ONLY):
 5" casters: 20"-26"; 24"-32"; 26"-44"; 44"-52"
 6" casters: 21"-27"; 25"-33"; 37"-45"; 45"-53"
 Black poly skate wheels with steel ball bearings and red poly skate wheels with nylon bushings
 Caster upgrades - 6" or 8"
 Outboard couplers
 36" conveyor width

ACCESSORIES

Curve Guards
 Swing Stick
 T-Junction
 Side Handles
 Heavy Duty Impact Cart

Technical Data

CONSTRUCTION

All steel bolted construction

LEGS

Zinc plated, heavy duty leg supports
 1 1/4", square steel tubing with a double welded cross brace

SIDE LINKS

Made of 7 gauge steel assembled using shoulder bolts with Loctite and steel locking nuts

WARRANTY

24 month factory warranty
